MEMORANDUM FOR: CS Division and Staff Chiefs

SUBJECT: Termination of the Clandestine
Service Operations Training
Committee

1. It has been determined that it will no longer be necessary to maintain a permanent committee within the Clandestine Service for the purpose of monitoring operations training and the CS OTC is, therefore, terminated effective this date. I may, however, be calling on some of the committee members and other selected CS officers from time to time to assist in ad hoc reviews of training matters.

2. In taking this action I wish to thank those who have served on the committee. In particular I want to acknowledge their contribution to the development of the Advanced Operations Course and to the structuring of the present 16-week Basic Operations Course.

3. The continuing responsibility for monitoring operations training will rest with the DDP/TRO acting in conjunction with Division and Staff training officers and in collaboration with OTR personnel, particularly those CS officers on rotational assignment to OTR who have responsibilities related to the planning and conduct of operations training courses.

4. In addition to his day-to-day dealings with individual CS training officers the DDP/TRO will periodically assemble all of the TROs for the purpose of providing them information of general interest, to discuss training problems and to solicit their suggestions for the improvement of training.
